

ADMINISTRATION BUILDING

FEBRUARY 11, 2015

Chairman Madden called the meeting to order at 12:05 pm. Trustees Justin Madden, Gary Gabram, and Jim Mueller were present. Also present was Fiscal Officer Chuck Walder.

This was a special meeting to brainstorm long term ideas that could benefit the township in the future.

Mr. Mueller suggested that the township hold a community event, such as a clam bake, to bring the residents closer together. Mr. Gabram agreed that a community event would be a good idea and the residents would benefit from knowing more of their community members.

Assistant to the Trustees Melissa Palmer suggested community programs such as cultural events, movies night, art shows, and concerts. She also suggested a gathering place in the future to hold all of these events. Mrs. Palmer talked about looking into township properties and how we can improve them. For example creating storage, a community center, biking trails. Mrs. Palmer also suggested that the township try to go more paperless within the township, for example all of the departmental reports becoming electronic and paperless.

Mr. Walder recommended offering CPR and ALYCE training to residence. Mr. Walder also wants to keep up the improvements on the Town Hall, which is a historical treasure to the township.

Mr. Madden agrees that the township will benefit from community events and activities. Mr. Madden suggested looking into the old fire station and what we could do with that building. Mr. Madden would like to see a central area where community members could go during a disaster. Mr. Madden indicated that a lot of these things are achievable.
