We no longer have use for the 2000 Freightliner dump truck with plow and spreader and the 1999 crack sealing machine. Given the rough condition of the truck, my recommendation would be to take both items to the April live Edinburg Auction so that they can be physically seen and inspected. We have taken items there before and have had good luck. I would appreciate this being on one of our upcoming meeting agendas for discussion.

Hi, Gene. I didn't see it, but I pulled it up – we get our faxes digitally know and I missed that one. I've never had anyone remove that line, but if that's what they want to do, we'll make it work. Our fee for your items will be 10% since you're a municipality.

Thanks,

Hi Katie, did you get the fax I sent you regarding the auction contract? The Trustees have a meeting tomorrow and will probably want to discuss.
